## Voter Turnout Predicted 'Light'

By E. SCOTT WOOD  
Of The News Staff

A light turnout is predicted for the senatorial election slated for Dec. 18. According to the Los Angeles Times, only 25 to 35 percent of those registered will go to the polls for the special election.

The special election was called by Gov. Reagan after Sen. William E. Coombs (R) Rialto resigned Oct. 19 to take a position in the federal Treasury Department.

Controversy has flared over the abrupt resignation and the hastily called election which will cost the taxpayers an estimated \$250,000.

Some Democrats are suspicious that Coomb's departure for Washington was hastily arranged when the Republican hierarchy in Sacramento noticed that under the new reapportionment plan his Senate district was soon going to become 60 percent Democratic in voter registration.

The Democrats have charged that Gov. Reagan, Coombs and Assemblyman Jerry Lewis (R) San Bernardino have collaborated in arranging the special election close to the holiday season hoping for a light voter turnout and a Republican victory would maintain a party balance in the Senate.

It was also noted that Coombs planned to retire next year when his term expired and a Lewis victory in this special election would give him the advantage of running as an incumbent next year.

According to the Times article, both Coombs and Lewis deny there was any such plan, although it is clear that Lewis took certain preliminary steps of campaigning in the senatorial district before Coombs' resignation and was well prepared to go to a full campaign as soon as the resignation was announced.

Leading contenders for the Senate position are Jerry Lewis (R) San Bernardino and San Bernardino County Supervisor Ruben Ayala (D) Chino. Two other candidates are Democrat Ralph Carter, a Rialto city councilman and Big Bear businessman Robert J. Allenthorp, a Republican.

The 20th Senatorial district includes all of San Bernardino County except the Yucaipa, Redlands and Loma Linda areas. If no candidate gets more than 50 percent of the votes cast on Dec. 18, there will be a runoff between the leading Democrat and Republican in mid-January.

The strongest issue of the campaign appears to be integrity and has resulted in both Lewis and Ayala releasing copies of their 1972 income tax returns

and listing all their campaign contributors by name and amount. Lewis, 39, has extricated himself from the GOP scandals and the recent defeat of Gov. Reagan's tax initiative. At a news conference recently he carefully separated himself from both President Nixon and the governor. He emphasized that he had not personally endorsed the tax limitation initiative. His mailing does not identify him as a Republican.

In the Democratic ranks, Ayala has secured the endorsements of such leading state Democrats as Assembly Speaker Bob Moretti and Secretary of State Edmund G. Brown Jr. He also has a coordinator who normally works for state Democrats in Sacramento.

Ayala, 50, has served on the county Board of Supervisors for seven years and narrowly lost to Rep. George Brown last year in campaigning for the Democratic nomination for Congress.

Carter, 50, is not as well known in the district, but has a long record of hard work in Democratic causes. He was a member of Sen. Eugene J. McCarthy's 1968 delegation to the Democratic National Convention and has secured the endorsements of the state Senate majority leader, George R. Moscone of San Francisco, of the California Teachers Assn. and of the United Steel Workers.

The fourth candidate, Allenthorp, is not regarded as a substantial threat to Lewis for Republican votes.

Lewis, a three-term assemblyman, is, like Ayala, an insurance man by profession. Carter is a teacher.

## Drug Abuse Care Up 6 Fold In West End

The West End Drug Abuse Control Coordinating Council announced recently the signing of contracts with six different agencies to provide aid to drug abusers in the West End.

WEDAC acts as a coordinating agency for the entire West End and contracts with the individual agencies for services to drug abusers. WEDAC serves as the initial contact agency and refers the drug abuser to the appropriate agency for treatment or assistance.

Agencies signing contracts with WEDAC are Reach Out West End, Straight Ahead, Jericho House, La Casa De Fe, P.A.S. (Project Social Action) and Chino Council of Social Services.

In addition to the six agencies, WEDAC has contracted with hospitals in Loma Linda and Pomona to provide detoxification services.

The program designed by Straight Ahead is representative of the six contracting agen-

cies, except P.A.S. and Chino Council of Social Services, which are walk-in facilities.

Straight Ahead Inc. opened its facility at the Casablanca Hotel, 210 S. Fern Ave. in Ontario, Nov. 12. It will provide headquarters for a two-pronged program.

There are accommodations for 10 people in the first phase, described as a 15 day "stabilization program."

Participants in the program, referred to as clients, may enter the stabilization program through referral by WEDAC from a number of institutions in the area or by parole or probation officers.

During the stabilization period, the clients receive individual and group counseling. Upon completion of the stabilization period, the client has the option of leaving or staying for the second phase: the residential program. The residential program is set up for a 90 day period, but may go longer if the client needs or wants it.

According to Straight Ahead director, John Bowler, the objective of the program is to prepare the former addict for a useful and productive life in society.

Residents receive individual and group counseling, vocational counseling, educational and career development, self-awareness seminars and related services.

WEDAC Executive Director Joe A. Espinoza said funds for the contracts come from a grant of \$565,000 WEDAC received from the National Institute of Mental Health, a division of the Department of Health, Education and Welfare.

Espinoza said the total budget for WEDAC and the contract agencies is \$1,055,000 including in-kind services. In-kind services are provided by area cities, the county, donations and volunteer services.

## Upland Student Nominated For 'Who's Who'

Twenty-three seniors, including an Upland resident have been nominated by the University of Portland for inclusion in the 1973-74 edition of "Who's Who Among Students in American Universities and Colleges."

Antonio Bestard, son of Dr. and Mrs. Edvardo Bestard, 1903 No. Euclid Ave., Upland, has achieved this honor. He is a senior in the College of Arts and Sciences and will graduate next May.

A recognized institution of the American academic community, this Who's Who award is conferred annually upon outstanding student leaders. Selections are made by campus nominating committees and are based on academic standing, potential for future leadership, and general leadership, whether social, administrative, or by informal influence.

## Upland Chorus, Band Concert Set, Dec. 18

The chorus and band of the Upland Junior High School will join together for a special Christmas presentation featuring traditional and contemporary Christmas music.

The program scheduled for Tuesday Dec. 18 at 7:30 p.m. will be directed by Mrs. M.J. Hess and band director E. Torbensen.

## Energy 'Moratorium' Announced In Upland

Upland Elementary School Supt. Bill Plaster announced a comprehensive energy conservation plan that will include a moratorium on all bus trips other than the necessary transportation from home to school and return.

The moratorium will curtail the use of buses for athletic programs and field trips regardless of grade level in regular or special programs. According to Plaster, students involved in programs that require transportation to other campuses will also be affected.

Included in the conservation plan is reduction of classroom temperatures to 66 degrees with

good judgement exercised for comfort of students and personnel during school hours. At night the temperature of the classrooms will be reduced to 55 degrees except in rooms where meetings are being conducted.

Teachers in the Upland School District have been instructed to turn off classroom lights upon leaving the classroom at the end of the day. According to Plaster, night lighting will be no more than is necessary for security.

Employees were also reminded in paper supplies, custodial supplies, and maintenance materials throughout the district.

CONTRACTS SIGNED -- Members of the board of the West End Drug Abuse Control Coordinating Council with Executive Director Joe Espinoza, center, announced that contracts with six different after-care agencies in the West End have been signed to provide counseling and treatment for drug abusers.

## Chaffey Memorial Fund: \$60,844

Chaffey College reported that the balance of the Chaffey Memorial Fund Inc., which serves worthy students enrolled at the college was \$60,844 as of June 30.

The fund actually totaled \$61,987 for the past fiscal year, but the balance reflected a \$1,143 deficit in unpaid loans from previous years. Fund trust accounts add up to \$35,360 and \$26,627 as respective sources of student awards and student loans.

Contributions and gifts to the fund amounted to \$3,627 plus \$2,981 accrued by interest on loan investment. About a third of the donations were from Chaffey College staff; the rest from community organizations and friends of the college.

The officers charged with stewardship of the fund, all of whom were re-elected for the coming year are George Vinnege, president; Ernest Payne, vice president; Richard Barr, secretary; and Glen Lambert, treasurer.

Serving two year terms as directors on the board of this agency are William E. Walk Jr., Daniel B. Milliken and Payne. Continuing directors are Mrs.

Barbara Hughbanks, Mrs. Marie Wass and Dr. T. Stanley Warburton. Mrs. Dolores Thomas, financial aids officer at the college, is an ex officio board member.

Vinnege, former Chaffey College trustee, and Dr. Warburton, superintendent-president of the

district, expressed appreciation for "town and gown support" of the fund.

Persons wishing to donate to the fund may address their contributions to Chaffey Memorial Fund Inc., Chaffey College, 5885 Haven Ave., Alta Loma, CA 91701.

## Poma Indian Maidens On Peace Mission

The Poma Indian Maidens of Upland have planned a treat for the patients of Platt Nursing Home in Ontario. The girls made and decorated Christmas gingerbread cookies to give out during their evening of caroling at the home Wednesday Dec. 12.

"Indian Maidens" is an organization affiliated with the Ontario Y.M.C.A. The mother-daughter group is aimed at strengthening the parent-child relationship while developing appreciation for the community and natural surroundings.

The active Upland group of girls ranging in age from five to eight years dress in Indian costume, assume Indian names and study crafts and nature oriented activities.

CHRISTMAS GOODIES -- INDIAN STYLE -- Though sporting Indian names, members of the Poma Indian Maidens of Upland prepare traditional gingerbread cookies for charity. ## 'Tree Moisturizer' Invented

Erlindo C. Lopez, 9270 Hemlock St., Cucamonga, has invented a "Moisturizer" which he claims will keep a Christmas tree green for a month. Consisting of a plastic pan with a cover, Lopez says his invention protects floors and rugs and hides the stand as well as keeping the tree green. Anyone interested may contact him.

## Haldeman Endorses Jerry Lewis

Upland Mayor Abner Haldeman today endorsed Assemblyman Jerry Lewis for the vacant 20th Senatorial Seat in the San Bernardino County.

Haldeman stated, "Lewis is one of the most knowledgeable representatives this county has ever had the privilege of being represented by in Sacramento. Lewis's five years of experience in the Assembly uniquely qualifies him to represent San Bernardino County in the most important legislative body, the State Senate."

Haldeman said "San Bernardino County and the Upland-Ontario areas are one of the fastest growing areas in the state. It's imperative that we have a representative who has the dedication, experience and ability that Jerry Lewis has."

"I wholeheartedly endorse Jerry Lewis on Dec. 18," Haldeman said.

## Library Films Announced

Orflamme, the senior citizen-library activity group has announced its selection of films to be shown at the Upland Library 450 N. Euclid Ave., Upland.

# On The SB Helicopter Patrol

By E. SCOTT WOOD

The City of Upland has decided not to participate in the San Bernardino County Sheriff's Department helicopter patrol program. According to Police Chief John A. Wessely, the surveillance would be too costly for the protection received and, as Wessely put it, "It is something nice to have, but we need other things more worth while."

Capt. Terry Jagarsen of the Sheriff's Department Aviation Division thinks a 74 percent decrease in robberies, burglaries, auto thefts and thefts is "worth while" and has urged all of the cities in San Bernardino County to participate. They all have,

except Upland.

Jagarsen draws his figures from data received while the patrol was operating in unincorporated areas of the county since 1971. In the year prior to the patrol, burglaries, robberies, and auto thefts increased 36 percent. One year after the patrol was implemented the rate of the same crimes decreased 38 percent.

Under the direction of Sheriff Frank Bland the department conducted a survey of all cities in the United States using Helicopter patrols to see if the patrol system was in fact effective in deterring crime.

The survey shows that the year before the cities implemented the

helicopter patrol program, the crimes of burglary, robbery, auto theft and theft increased 14.6 percent. After the patrol program had been operating for a period of one year the same crimes had decreased by 11.2 percent showing a 25.85 percent overall decrease. To verify the findings it was noted that in cities not using the patrol program the rate of crime continued to increase nation wide.

The department has been successful in its patrol program for the residential unincorporated areas of the county, and with a federal grant due to be approved Feb. 1, 1974 by the California Council on Criminal Justice more money will be available to extend the service to all of the cities in the county.

Arguments against the project center on the cost, so Jagarsen supplied the actual cost figures for the project compared with the amount spent for conventional police protection.

The State, County and Federal Govt. with the aid of the grant approaching the amount of \$688,605 will cover 88.4 percent of the total bill. The participating cities will be expected to pay the remaining 11.6 percent or \$78,220 on a formula basis. The formula is derived by the city's land area, population and crime rate. Jagarsen noted that for one city to put a patrol car in the field and maintain it for one year would cost \$71,250.

If all 10 cities participate in the program, Upland's share would be \$5,549.19 per year or 7.8 percent of the cost of maintaining one police car according to Jagarsen.

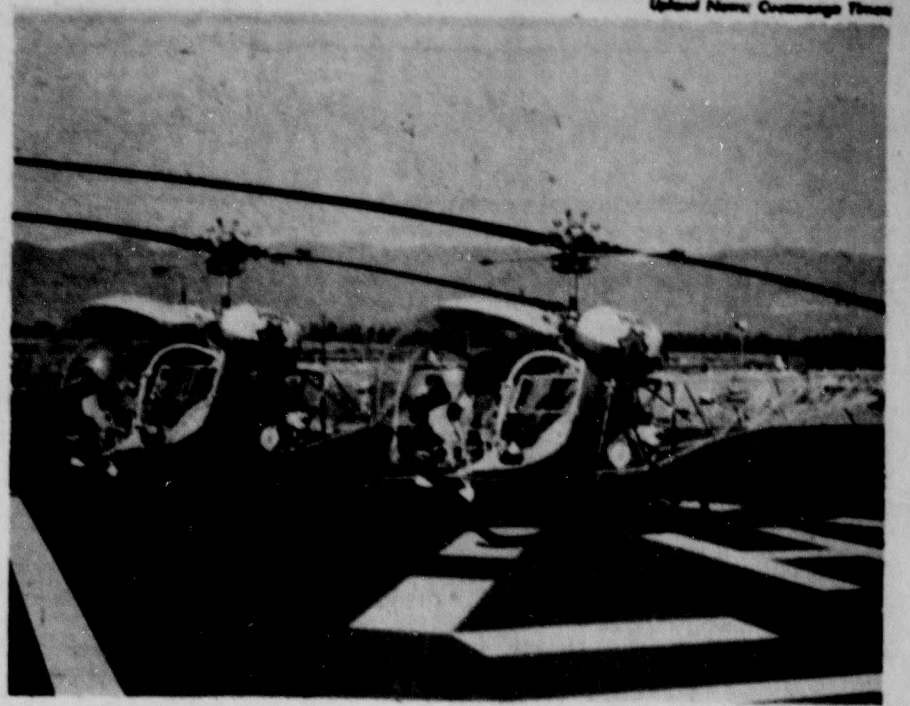

The federal grant is good for only one year, and arguments at city hall center on the recurring cost to keep the helicopters going. Figures in the neighborhood of \$85,000 per year have been quoted as Upland's share. Jagarsen disagrees.

"First of all, no party is obligated to continue the program if they are not satisfied," he said. "When the grant expires, and if no other grant is forthcoming, then the cost will undoubtedly rise, but not that high, more like \$10,000," Jagarsen said.

Upland's Police Department reports that in 1972 residents reported loss of \$396,000 due to burglaries, petty and grand theft. The figure does not include the loss due to auto theft.

If the funding for the program seems obscure, the service provided is clear-cut. Currently two helicopters are in operation. The department has plans for purchasing another. All the helicopters are jet-powered for many reasons. According to Jagarsen the jet-powered craft are quieter, more efficient, faster (158 m.p.h. with no traffic problems while in pursuit) and require less maintenance.

The helicopter patrols will not only be instrumental in pursuit of escaping felons but as in the past will be helpful in quick reporting of structure and grass fires. In the first year of operation in the residential unincorporated areas of the county, the helicopters reported 72 residential and grass fires to fire protection agencies which aided in the quick response to the fires. Thousands of dollars have been

QUICK RESPONSE -- Sheriff's helicopters can respond to a call within a 558 square mile area in a period of five minutes.

saved by the aerial observation.

One of the more unique aspects of the program, however, will be the use of reflective disks which will be visible on rooftops around the clock notifying deputies in the helicopter that the resident is on vacation or at work during certain hours, so combating daylight burglaries.

The program is designed to run 16 hours a day or 5,840 hours of patrol time each year. The Police chiefs in each of

the participating cities can request surveillance at certain times to fit their peak periods and get instant aerial patrol service on call.

The new helicopters will be able to respond to any point within a 558 square mile area in a period of five minutes.

Approval of the grant is scheduled for Feb. 1, 1974 by the California Council on Criminal Justice and full implementation is expected to follow soon after.

NEWLY MARRIED -- Miss Vonedra G. Andreas and Richard Musser, formerly of Ontario, were married Dec. 1 at the Chapel of the Hearts, Reno, Nev. The newly married couple will live in Reno. Taking part in the ceremony were Mrs. Deana L. Escanuelas, matron of honor, and Fred Escanuelas, best man. The bride's parents, Mr. and Mrs. E. W. Andreas, and the groom's parents, Mr. and Mrs. Lester Musser, were present at the ceremony.

ROBERT J. ALLENTHORP  
FOR STATE SENATOR

December 18  
Election Day

I am deeply concerned about the increase in our taxes on our homes which continues unabated. Our houses are so burdened with taxes today that if relief is not forthcoming, the home as we know it will go out of existence.

As your Senator, I shall propose the following tax relief program on single family dwellings in 1974.

All residential properties shall be rolled-back 10 years in market value, say 1963, and locked-in. The tax rate and appraised value of 1963 shall be locked-in.

This base rate shall not be increased above 2% per year without a mandate of the people.

For example: A house valued at \$20,000 on today's market would have a 1963 market value of about \$12,000. This house would be assessed at 25% of \$12,000, or \$3,000. The combined tax rate of the county in 1963, say \$10 per \$100 of assessed value, multiplied by \$3,000 would equal \$300, your taxes for the year. This tax rate would not increase over 2% per year.

To offset any reduction of revenue to the state caused by the rollback, the sales tax would be increased about 1%.

If things are to get better, we need new people in the political process for new strength. We cannot be satisfied with the status-quo of government (static condition) but must keep the government viable, or capable of growing and developing.

If you want to improve the system, and protect your home, I would appreciate your vote on December 18th. Thank you.

# Student Visits Spain

Laura Gomez, a Cal State, San Bernardino Spanish major, is studying in Spain this year and having the time of her life.

She had never been away from home before, except on short vacations; she knew no one there; and as a lifetime San Bernardino resident she was slightly concerned about the list of "necessities" she received, which included "a long winter storm coat."

But now her mother, Maria Gomez Candelaria and her two brothers, John and Mario, of 948 Congress St., San Bernardino, are receiving glowing accounts of her experiences at the University of Madrid and her visits to neighboring cities.

Miss Gomez is studying this year at the University of Madrid under the international program of the California State University and Colleges. She receives credit on her home campus for the work done abroad, plus having an enriching personal experience.

Adaptability, as well as a superior scholastic record, is considered by the college in selecting candidates for overseas study.

One of Miss Gomez's goals is to compare the educational systems of

Spain and California. Friends had told her that foreign study would make her appreciate the American system where there is more personal concern for the student.

Miss Gomez chose to go to Spain because she wanted an opportunity to master Spanish. However, she also wants to learn as much about the country and its people as possible and to gain an awareness of different environments and life-styles.

A lifelong resident of San Bernardino, she is a 1970 graduate of Pacific High School. She also was graduated from San Bernardino Valley College, where she was a pom-pom girl, before entering Cal State a year ago.

In a 1970 statewide contest in San Jose, she represented San Bernardino as Cal Forum Queen. Last year she worked as a student assistant at the state Human Resources Development Job Bank Center, as part of a program to expose college students to supervisory positions and management of state agencies.

Following the end of the term in June, she hopes to visit France and perhaps other countries before returning to the United States.

Approximately 35 students from the California

State University system are studying at the University of Madrid this year. Another 15 or so are at the University of Granada.

"To do well in a foreign university, one must have a great deal of initiative and determination and must do a great deal of outside work."

## Chairman Named At SB College

Martin Matich, prominent San Bernardino contractor and civic leader, is the new chairman of the Advisory Board for California State College, San Bernardino.

Mrs. William E. Leonard, also of San Bernardino, will serve as vice chairman during the coming year, College President John M. Piau also announced.

Matich is a charter member of the 12-person board, which works closely with President Piau in relating college concerns to the community and community concerns to the campus. He is now in his third four-year term, serving by appointment by the State University and Colleges

Board of Trustees. A former mayor and city councilman of Colton, Matich is president of Matich Corp., a general engineering contracting firm with headquarters in Rialto. He has served two terms as chairman of the board of directors of St. Bernardine's Hospital Foundation and has been on the board of the San Bernardino Community Hospital.

Professionally, he is active on both a national and state-wide scale in numerous engineering and contracting associations.

Born in Loma Linda, Matich is a graduate of St. Bernardine's High School and the University of Notre Dame.

# SCRTD Moves To Increase Buses

The first step towards increasing the Southern California Rapid Transit District's bus fleet by nearly 20 percent was taken by the District's Board of Directors at a special meeting Nov. 30.

"It is our hope the 300 new buses we have ordered will be used strictly to expand our services, rather than any used as replacements for older units," commented Thomas G. Neusom, RTD president.

"But to expand service in such a manner, we must come up with additional funding for fuel, maintenance, and drivers' wages -- we are talking about a program which would cost in the neighborhood of \$15-20 million."

Total expenditure on the new buses will be \$14,400,000, of which the federal Urban Mass Transit Administration funds two-thirds, while the RTD contributes one-third. Neusom emphasized that the funds by law can only be spent on purchase and not operating expenses. But he said further that the District is confident additional funds for operating expenses can be found.

The federal government is moving towards giving mass transit needs priority as a way of combating the energy crisis. On this assumption, that a way will be found to underwrite our operating expenses, we are proceeding with our plans to have a total of nearly 2,000 buses on the streets of the Los Angeles Basin by next summer," Neusom said.

Jack R. Gilstrap, RTD general manager, noted that authorization of the purchase now means the buses will be in the District's hands much sooner than had been planned -- consideration on adding many of the units had not been scheduled until late next year.

"But since area residents will have to look to us increasingly to meet their transportation needs because of curtailments in private auto use, we are advancing our purchase schedule," he said.

"We will attempt to keep in service all of our present fleet of 1,650 buses as long as possible. Normally, we would be using many of the 300 new units as replacements, but we want to be in a position to serve the greatest number of people."

mentioned that, even before the Sunday gas station closings and other fuel conservation measures advocated by President Nixon were announced,

the District had received indications area residents were beginning to take a new look at public transportation.

## UC Campaign Receives \$4,300

A donation of \$4,300 has been contributed by Southern California Gas Co. to the 1973-74 United Crusade campaign, according to Ben Wilson, local district manager for the utility.

Wilson said the donation, which is for the Crusade's Pomona-Walnut Valley area campaign, is part of the gas company's total donation of \$211,000 this year to the Los Angeles County United Crusade fund-raising effort.

The Crusade will in turn distribute the utility's contribution to the American Red Cross and 255 United Way welfare organizations.

Wilson pointed out that the gas company and its employees have pledged a total of over \$700,000 this

year to Southern California health and welfare agencies through the AID-United Givers campaign. The United Crusade gift is part of that total, he said.

"The gas company and its employees hope this donation will encourage other members of the community to join in supporting these worthwhile efforts," Wilson said.

In addition to the United Crusade donation, the utility's corporate AID gift of \$320,000 and its employee pledges of more than \$400,000 will benefit many health organizations including the American Cancer Society, Braille Institute, Arthritis Foundation, City of Hope and Crippled Children's Society.

# Assemblyman Jerry Lewis A new Senator.

1973 ... Assemblyman Jerry Lewis was the first candidate in San Bernardino County to make full financial disclosure—including his 1972 IRS Return and a financial statement of his personal holdings and net worth.

1973 ... Assemblyman Jerry Lewis introduced a first to American politics—full disclosure of all campaign mailers—in advance of mailing. To restore public confidence in our elective process and to put an end to false and misleading charges and smears, Assemblyman Jerry Lewis has released copies of all campaign mailers to the press, prior to mailing, and he has challenged every candidate in this special election to make the same disclosure.

1973 ... Assemblyman Jerry Lewis was the first elected representative to take a stand against deceitful and impersonal computer letters in elections.

1973 ... Assemblyman Jerry Lewis had the courage to call for the phase-out and elimination of special interest financing of political campaigns—by encouraging more local citizen involvement in our elective process.

1973 ... Assemblyman Jerry Lewis was one of the first representatives to oppose lowering air quality standards due to the energy crisis. Jerry Lewis has sponsored many strong anti-pollution measures which have become law. Lewis says: "We've fought too long and hard in the battle against smog to let up now."

1973 ... Assemblyman Jerry Lewis received the enthusiastic endorsement of the California Association of Highway Patrolmen in the December 18th special election for State Senator. Law enforcement considers Jerry Lewis a friend. As our Assemblyman, Jerry Lewis has consistently supported programs and legislation to strengthen law enforcement and improve crime preventive measures and techniques.

In 1972, Assemblyman Jerry Lewis was re-elected to

the California State Legislature by a margin in excess of 72%—representing across-the-board support from Republicans, Democrats and Independents.

1973 ... Special Election for State Senator ... Here's what's being said today about Assemblyman Jerry Lewis ... LABOR—"... he has consistently demonstrated a deep concern for the welfare of the working man and woman ...

sincerely dedicated to improving the quality of life and working conditions for all the citizens of San Bernardino County."—E. P. Westmoreland, Executive Secretary of the San Bernardino-Riverside Building and Construction Trades Council ... REPUBLICANS—Assemblyman Jerry Lewis "... demonstrating intelligence, responsibility, courage and sound judgment."—San Bernardino County Republican Central Committee ... DEMOCRATS—"We're going to do something this week that we have never done before—we're going to recommend a Republican for elective office..." Jerry Lewis "... has the courage, the broad view and the savvy to

do our work there better than anyone who has come forward."—Mountain News, Democratic newspaper (11/22/73)

Sacramento has learned what the people of San Bernardino County have long known: Jerry Lewis is a dynamic, aggressive, independent leader who gets things done. His solid record of achievement, his fresh creative approach to the challenges of our state, and his dedication to the principles of sound government, have clearly marked him as a leader and the overwhelming choice for our new state senator in '74!

## Identity Sought

Upland police are calling on local citizens to help them trace the identity of the man who shot a 60 year old Upland businessman last week.

Frank Roy Richards, owner of Richards Foods at 152 S. Campus Ave., was shot three times by a robber who accosted him at his office.

Richards described his assailant as a 40 to 45 year old Caucasian male, about 5 foot 8, 165 pounds with light brown hair.

Richards told Upland detectives that the man was standing to the north of his business on Campus Ave. when he arrived for work shortly after 6:30 a.m. Monday, Dec. 3. As he walked in the door of his office, Richards said the man walked up behind him and placed a revolver in his back, ordering him inside the office.

To remain anonymous, persons with information about the crime are asked to call the WeTIP hotline number 983-9611. According to Seay, a caller should not give his name. Rather, he will be assigned a number, as in all WeTIP calls.

## Director Named

Gary Duane Patton has been named director of regional parks for the County of San Bernardino, it was announced recently.

Patton was formerly director of parks and recreation at Pleasanton for two years. His park experience includes six years as director of recreation in Pleasanton, a year as park supervisor in Livermore, two years as sports supervisor in Livermore and three years as recreation director in Oakland.

The new director noted that parks will become an important part of energy conservation because people won't be able to drive long distances and will need nearby parks to fulfill recreational needs. Patton has four children and a bachelor of arts degree in parks and recreation from San Jose State University.

## Pettis Hails Budget Committee

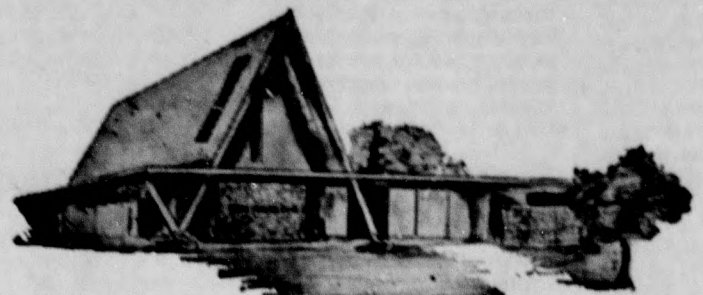

Calling reform of the Congressional revenue and expenditure process "one of the most important issues to come before the House in 30 years," Rep. Jerry L. Pettis (R) 33rd District, hailed passage of the Budget and Impoundment Control Act which he backed.

"The Budget and Impoundment Control Act establishes a 'budgetary policeman' to hold congress to responsible spending limits."

Pettis described congressional budgeting as chaotic with each committee looking for the biggest possible share. "There has been a lot of talk about Congress resuming its rightful powers... and that power is the power of the purse. The only way Congress is going to regain responsible control is to establish a sane budget policy, one that sets up priorities, assigns them a dollar value and holds to it."

## First Annual Christmas Fair Slated For Convention Center

Southern California's first annual Christmas Shopping Wonderland comes to the Los Angeles Convention Center Friday Dec. 14 for a 10-day spree through Dec. 23.

For the first time, shoppers in the L.A. area will be able to make a one-day, one-car, one-stop excursion downtown and take home all the Christmas gifts they need this year.

"We're tying this community together with Christmas spirit," says spokesman Bruce Marr. "We'll have everything that means Christmas but snow and subzero temperatures."

The show will feature more than 350 exhibits, offering for sale anything from unusual books and handicrafts to bicycles, an-

tiques and greeting cards. Exhibitors have gathered from all corners of Southern California for the event.

"What began as a Christmas shopping venture has turned into a community project," tells Marr. "We will have choirs from local schools as well as strolling carolers—not to mention Santa Claus and an old miser named Scrooge."

Firefighters from Burbank and members of the Leukemia Society of America will be on hand to wrap gifts. We will even have a child-care center where parents may leave their youngsters while shopping and the children will be provided craft materials to make presents for their families.

Convention Center general manager Byron A. Trimble is pleased about the fair. "We think it is a great idea for building Christmas spirit in this sprawling city," he says. "And we look forward to having the shopping wonderland as an annual event."

Hours for the bazaar will be noon to 10 p.m. Monday through Friday; Saturdays and Sundays, 10 a.m. to 10 p.m.

Admission for adults, \$1.50; no charge for children 12 and under. The Convention Center is at Pico and Figueroa.

Those wishing further information may contact the Christmas Shopping Wonderland, (213) 553-9711.

## Youth Choir Festival Set

The joyful sounds of Christmas holiday music, offered by youth choirs from throughout the San Fernando Valley area, will highlight Busch Gardens' colorful schedule of activities for the Yuletide season.

Beginning Dec. 15, the popular family entertainment center will feature many of the Valley's finest high school, college and church choirs in a festival of popular holiday music.

According to Jack Massae, general manager of the scenic complex, the festival will continue through Dec. 30 (Busch Gardens will be closed Christmas Day) and is being designed to appeal to all members of the family.

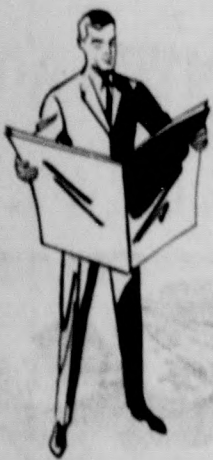

"In addition to the more classic spiritual hymns," Massae noted, "many of the traditional Christmas songs for children will be included as well as some modern day 'pop-rock' holiday tunes popular among teenagers."

WILL ROGERS -- "I never met a man I didn't like." American wit Will Rogers found something in everyone, as depicted by James Whitmore in his tour de force, "Will Rogers' U.S.A.," in a return engagement at the Music Center's Mark Taper Forum for four weeks, beginning Dec. 26.

PUBLIC NOTICE

**NOTICE OF PUBLIC HEARING**  
NOTICE IS HEREBY GIVEN that the Planning Commission of the City of Upland will hold a public hearing on Thursday, December 27, 1973, at 7:30 p.m. in the Council Chambers of the Upland City Hall, for the purpose of considering amendments to the text of Chapter 1 - Zoning Regulations, Article IX of the Upland Municipal Code, regarding:

NOTE: Underlined words denote material to be added. Struck-out denotes material to be deleted.

**SECTION 1**  
Section 9110.26 - Same. Uses Expressly Prohibited. (R-1-A Zone)  
Section 9110.26 is amended by the addition of a Sub-Section "E," to read as follows:

E. The keeping of poultry, rabbits, three or more dogs, or three or more cats at least four (4) months of age. Also the keeping of wild, exotic or non-domestic animals without a permit as provided in Article IV, Chapter 1, Part 3, Section 4130.2 of the Upland Municipal Code.

**SECTION 2**  
Section 9110.109 - H - Off-Street Parking  
Section 9110.109 - H - 2 is amended by the addition of a Sub-Section (f) to read as follows:

(f) For "Drive-Thru" Enterprises: In cases where a building (or designated portion of a building) is used in conjunction with a "drive-thru" operation such as banks, restaurants, or similar enterprises, reservoir (line-up) parking spaces (twenty (20) feet in length) may be used in calculating the required number of off-street parking spaces based on the applicable gross floor area of the business.

**SECTION 3**  
Section 9110.112 - Home Occupations  
Section 9110.112 - J is amended to read as follows:

J. No garage (whether attached to the main building or not) and no building or space outside of the main building shall be used for home occupational purposes.

**SECTION 4**  
Section 9110.117 - Conditional Use Permit  
Section 9110.117 - B - 4 is deleted to read as follows:

(4) Conditional-Use Permit is granted to applicant only and is not transferable with the land.

Deleted.  
This public hearing will be conducted pursuant to the provisions of Chapter 1 - Zoning Regulations, Article IX of the Upland Municipal Code and Section 65000-65800 of the Government Code of the State of California.

All persons interested in this proposal are invited to attend. Specific data may be inspected at the Planning Department prior to the public hearing.

**ORDINANCE NO. 1012**  
AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF UPLAND AMENDING SECTION 5400.1 OF THE UPLAND MUNICIPAL CODE BY ADDING THREE SECTIONS TO THE LIST OF PUBLIC NUISANCES

The City Council of the City of Upland does hereby ordain as follows:

**SECTION I: Section 5400.1 -- PUBLIC NUISANCES ENUMERATED OF THE Upland Municipal Code is hereby amended by adding Sections (d), (e) and (k) to read as follows:**

**SECTION 5400.1 -- PUBLIC NUISANCES ENUMERATED**

(d) Any building or structure, or any part thereof, which has been constructed or is maintained in violation of any specific requirement or prohibition applicable to such building or structure contained in the building regulations adopted by this City, or any law or ordinance of the City or State, relating to the condition, use or maintenance of buildings.

(e) Any property in such condition so that the same is in a condition of deterioration or disrepair that causes appreciable diminution of the property values of surrounding properties or is otherwise materially detrimental to adjacent properties and improvements.

(k) Maintaining property in such a manner as to cause a hazard to the public by obscuring visibility of intersections.

**SECTION II:** The Mayor shall sign this Ordinance, and the City Clerk shall attest to the same, and the City Clerk shall cause the same to be published within fifteen (15) days after its passage, at least once in the Upland News, a newspaper of general circulation published and circulated in the City of Upland.

APPROVED AND ADOPTED this 3rd day of December, 1973.

**OFFER TO CONSIDER EQUIVALENT MATERIALS**  
Notice is hereby given that proposals for equivalents will be considered in accordance with the procedure established herein in connection with the forthcoming notice by the Board of Supervisors, Los Angeles County, California, calling for construction bids for furnishing all materials, labor and equipment required for the construction to complete the following work:

SD.	PROJECT	SPECS.#	DEPOSIT POST	HEADLINES	HAND MARKED DELVD.
1	Frank G. Bonelli Regional County Park Phase IV, Park Development San Dimas, California	3231	\$40.00	12-31-73	1-2-74

Drawings and specifications are on file and open to the inspection of interested parties, and copies of drawings and specifications may be obtained for a deposit as indicated above, at Room 103, Los Angeles County Engineering Building, 108 West Second Street, Los Angeles, California. Deposit is refundable on return of drawings and specifications in good condition within thirty (30) days after EMP closing date. Public Counter phone number is 974-7011.

Whenever in said specifications any material is specified or indicated by patent or proprietary name and/or by the name of manufacturer, the material so specified or indicated shall be deemed to be followed by the words "or equal". Any material considered equivalent to that specified or indicated, may be offered in the following manner: Any proposed additional equivalent material must be offered in writing, specifically and comprehensively described with an accurate reference to the Specifications page and paragraph or drawings sheet number specifying the material for which the additional equivalent is proposed.

Sufficient technical data, details, descriptive literature, catalogues and samples, if necessary, shall accompany said additional equivalent material offer to enable the County Engineer to determine whether or not the material proposed is equivalent to that specified.

The written offer and all supporting data shall be individually and clearly labeled with the pertinent Specification Number and project name and title of the work on the lower left front surface of a sealed envelope or package in which said material is enclosed.

The envelope or package shall be mailed to the County Engineer, Room 700, Los Angeles County Engineering Building, 108 West Second Street, Los Angeles, California 90012; postmarked not later than midnight of the day shown in "Pertinent Data Table", or may be delivered to the office of the County Engineer at the same address not later than 4:30 p.m. of the day shown in "Pertinent Data Table" under heading of hand delivered.

If delivered by hand the offer and supporting data shall be enclosed in a sealed envelope or package, and it shall be the responsibility of the person offering an equivalent to verify that the envelope or package is time-stamped with the County Engineer's time-stamp at the time of delivery.

Any proposed additional material offered in accordance with the above requirements will be evaluated by the County Engineer as to equivalence with that specified.

In addition to proposals for equivalent materials, proposals for modification of the contract time period(s) as set forth in the specifications will be considered when offered in accordance with the before stated procedure and time limits. Any proposal for an increase or decrease in the contract time period(s) must contain a clearly worded statement explaining the reasons in favor of the change.

At the time the Notice Inviting Bids is advertised, the specifications will embody an Addendum which will stipulate additional equivalents, if any, which will be acceptable to the County and may be furnished at the Contractor's option in addition to the specified material. At the same time a copy of the Addendum will be mailed to all parties who are on record as still in possession of drawings and specifications obtained at a prior time.

## Ganesha Captures U-M Tourney, Upland Third

Both Upland and Montclair began their own tournament, the 14th annual Upland-Montclair basketball classic, as terrible hosts. With the tourney being held at both schools' gymnasiums, Upland bounced Gladstone 81-66 in the opening round, while Montclair blasted Bonita 72-63.

However, it was the last victory for the Cavaliers as Northview defeated them 65-61 in the quarterfinals. Claremont reigned supreme in the losers bracket to beat the Cavs 72-59.

On the other hand, the Highlanders continued to win in the quarter-finals with a 81-52 victory over Corona before losing to Azusa 63-60. The Scots salvaged a third place with a 71-67 win over Northview.

Fifth place went to Claremont with a 67-59 win over Garey, the defending champion.

The Ganesha Giants, behind the hot shooting of 6-5 center-forward Cleve Porter, defeated Azusa for the championships, 54-52, while Alta Loma bounced back from its opening round defeat to collect the consolation finals with a 69-51 win over the Pomona Red Devils.

Alta Loma, Upland and Montclair each placed one player on the all-tournament team, Jamie Broecker, for Alta Loma; Mark Gossweiler, Montclair; and Curt Oldenamp, Upland were followed by other selections, Cleve Porter and Broderick Hunter, Ganesha; Mike Jantz and Sukie Melgoza, Azusa; Robert Martin, Eisenhower; Todd Ervin, Claremont; and Bob Bishop, Northview.

## Alta Loma Pair Capture Table Tennis Trophies

A pair of Alta Lomans, Don Higgins and Mary McIlwain, walked off with the championship trophies in the first annual Upland Table Tennis Invitational Tournament held last weekend in Upland. The event was co-sponsored by the Upland Table Tennis Club and the Upland Parks and Recreation Department.

Higgins upended Bill Garrett, Pomona, the top-seeded men's advanced player in the tourney. Winning in the first game of the championship match, 21-17, the underdog lost the next two games, 21-15 and 26-24, before winning the last two contests in the best of five contest, 24-22 and 21-19.

Higgins also won the senior men's championship over top-seeded Dan Bannack, Buena Park. In the men's doubles tournament, Harold Copper and David Mead, both of Riverside, defeated Banack and Garrett in three straight games 27-25, 25-23 and 21-6.

In the women's singles, Mrs. McIlwain defeated Linda Tom, Los Angeles, 21-19, 21-12 and 21-9.

Mrs. McIlwain, who served as the tournament publicist, reported that the success of the tourney encouraged the Upland Club to hold another tourney. She said that preliminary plans had already been put in motion for an event in either April or May.

## Alta Loma LL Board Sets Meeting

Alta Loma Little League will meet next on Wednesday, Dec. 19 at 7:30 p.m. at the Alta Loma Junior High School, reported Mrs. La Vona Kwinn, publicity chairperson.

Ray Eichenberg, president, will give a resume of the board's action in establishing a playing field; he will announce registration dates and the matter of implementing transfer of boys from Citrus Little League will be discussed.

This gathering will be one of the last policy sessions before registration time which will herald the beginning of the season. This is the time to have questions answered and for every parent to do their part to establish a well-run youth organization.

The roster of Minor League managers is as yet incomplete and applications for these positions will be welcomed.

UP AND IN -- Alta Loma's Roger Gubichuk (22) takes a jump shot from outside the key in game against Duarte in the Upland-Montclair basketball classic. A pair of unidentified Duarte players move in to block the shot while Jamie Broecker (30) waits for long rebound. The basket was good to give Braves 7-4 lead.

## Panthers Knock Off MSAC, Open Play In Own Tourney

By PERRY HILBRANT CHAFFEY CORRESPONDENT

At the beginning of the current basketball season, Chaffey College cage mentor, Barney Newlee commented that this was the "Year of the Panther." So far his cagers haven't let him down, as they literally ran past Valley rival, Mt. San Antonio College, 67-49 last Saturday in Earl Sicosky Gymnasium on the Chaffey campus.

The Panthers exploded to a 21-9 lead only to see it vaporize to a close 29-27 going into the intermission.

Both teams exchanged baskets at the beginning of the third period up until four minutes left in the period, with Chaffey still maintaining a two-point margin, 39-37. But then Chaffey took off again, led by the pass stealing of guard Pierre Rankin, who finished the contest with nine thefts, and the defense of Randy Nickolei on MSAC's 6-11 center, Gary Nash. The cats tanked in 16 straight points, while the

Mounties suffered their offensive woes.

Bob Kovach and Rankin provided the scoring punch for the Panthers with 18 points each, while Russ Williams made good for 12 markers.

The Panthers are at home for the remainder of this week to host the 33rd annual Chaffey Invitational which began yesterday and will run through Saturday, Dec. 15.

The Panthers opened the first round of play last night at 9:10 p.m. with a game against co-favorite Los Angeles Valley College.

Newlee feels that his charges have a good chance to capture the championship crown as they go into it with a 4-2 record.

Following the tournament, the Panthers will fly to Hawaii for several days with two scheduled games with Hilo College on the big island of Hawaii.

Howard and Marian Cleff

How Master Charge brought Christmas to the Cleff house 22 days early.

"Like everybody else, I usually wait till the last minute to take care of my Christmas shopping. Of course, when you do that, you take what you can get at any price. I decided this year was going to be different.

"So we did all our shopping early

with our Security Pacific Bank Check and Charge Card, and got some really good buys. By December 3, practically all our shopping was done. If you don't think that's something special, you've never been in a store at 9 P.M. the night before Christmas."

Thank you, Mr. Cleff. Howard and Marian Cleff have been with Security Pacific Bank since before David (7) and Marilyn (10) were born. They're on their 6th car loan with us. Obviously, we think they're something special too.

# Christmas: It's Fruit Cake Time

Mention fruit cake and everyone conjures up his own sugar and spice visions.

Southern fruit cakes are very often very light fruit cakes with a pound cake base. In addition South Carolinians, they say, demand that their fruit cakes be topped with almonds.

Fruit cakes are traditional Christmas fare. Many people like to give them as gifts, wrapping them in the container in which they were baked. One smart idea is to bake individual fruit cakes in tiny muffin pans and decorate the tops with candied fruit.

### FRUIT CAKE

1/2 pound seedless raisins, light or dark  
1/2 pound finely cut dates  
1/2 pound finely cut candied citron  
1 pound finely cut assorted candied fruits; orange peel, lemon peel, pineapple and cherries  
2 1/2 cups sifted flour  
1 teaspoon baking powder  
1 teaspoon salt  
1 teaspoon cinnamon  
1/2 teaspoon each: allspice, cloves and nutmeg  
1 cup margarine  
1/2 cup brown sugar  
1 cup light or dark corn syrup  
4 eggs, slightly beaten  
1/4 cup orange juice

Weigh and prepare fruit. Mix and sift dry ingredients. Dredge fruit with 1/2 cup of the dry ingredients. Cream margarine; add sugar, cream until light. Add corn syrup; mix well. Add 1 cup of the dry ingredients; beat until smooth. Add eggs, beating in well. Add orange juice; mix well. Add fruit mixture. Fold in remaining dry ingredients. Bake in well greased loaf-pans, or 2 (8-inch) tube pans, lined with waxed paper, in 250 degrees F. (slow) oven 4 to 5 hours, depending on size of cake. Place pan of water on bottom rack of oven during baking; remove during last hour. (Fruit cake improves with age. Prepare well in advance. Wrap well; store in air-tight container.) Makes about 5 pounds.

Petite Fruit Cakes: Use 1/2 recipe for Fruit Cake; add 1/2 cup chopped pecans or walnuts with fruit. Bake in fluted paper cups in cupcake pans or in regular cupcake pans. Bake in 300 degrees F. (slow) oven about 1 hour. Remove from oven. Brush tops with egg white and garnish with candied cherries, slivered almonds, or citron. Return to oven and continue baking 15 minutes longer. Cool. To serve, remove paper cups. Replace with fresh ones. Makes about 2 dozen.

### SHERRY HOLIDAY CAKES

2 cups sifted flour  
3/4 teaspoon baking powder  
1/2 teaspoon salt  
1 cup finely diced assorted candied fruit  
1 cup chopped walnuts or pecans  
2/3 cup margarine  
1/2 cup sugar  
2/3 cup light or dark corn syrup  
2 eggs  
2/3 cup sweet cooking sherry or orange juice

Sift together flour, baking powder and salt. Dredge the fruit and nuts with 1/2 cup of the dry ingredients. Cream margarine; add sugar; cream until light. Add corn syrup; mix well. Add unbeaten eggs, one at a time and beat well after each addition. Add dry ingredients alternately with sherry; mixing well after each addition. Gently fold in fruit mixture. Bake in one (9 x 3 1/2-inch) tube cake pan in a 325 degree F. (slow) oven for 1 1/2 hours; or a greased (7 1/2 x 3 3/4 x 2 1/4-inch) loaf pan in a 325 degree F. (slow) oven about 1 1/4 hours or in greased cupcake pans in a 325 degree F. (slow) oven about 25 minutes. When cakes are cooled, frost with a thin confectioners icing. Store in covered container.

CAKES -- The fruit cakes shown here suggest the various shapes, sizes and glazes for this traditional holiday cake.

## 'TRADITIONAL' COOKIES

## A Pretty-As-A-Picture Party

If you are planning to give a party for your teenage daughter, niece or grandchild, during the holidays, make it as pretty as a picture party with everything done up as lovely and sweet as a young girl in a party dress. Set the winter scene with mounds of snow white popcorn balls. Serve a Christmas red punch of cranberry juice and big saucerlike cookies decorated with fanciful designs. Recipes for the popcorn balls, punch and cookies are given below.

## HOLIDAY PUNCH

1 quart cranberry juice cocktail  
1 1/2 cups orange juice  
1 cup light corn syrup  
1 cup water  
3/4 cup lemon juice  
Mix all ingredients. Chill. Serve with ice cubes. Makes about 2 quarts.

## HOLIDAY COOKIES

3 cups sifted flour  
1 cup firmly packed brown sugar  
1 1/2 teaspoons ground cinnamon  
1/2 to 1 teaspoon ground gin-

ger  
1/2 teaspoon ground cloves  
1/2 teaspoon nutmeg  
1/2 teaspoon baking powder  
1 cup margarine  
2 eggs, slightly beaten  
Sift flour, sugar, baking powder and spices into mixing bowl. Cut in margarine until mixture resembles fine crumbs. Stir in eggs and extract until smooth dough forms. Chill.

Roll out dough, 1/3 at a time, to 1/8-inch thickness on floured board. Cut into 5-inch rounds, using a large cutter. Place on ungreased cookie sheet. Bake in 375 degrees F. (moderate) oven until edges are very lightly browned, 10 to 12 minutes. Makes about 1 1/2 dozen 5-inch cookies. Frost with Decorator's Frosting.

Decorator's Frosting (Butter Cream Type): Combine 1 cup softened margarine with 1 pound sifted confectioners sugar, beating until smooth. Chill 30 minutes. Mix in desired coloring. Use in decorating tube. If frosting becomes too stiff, blend in a few drops of water. Flowers, leaves etc. can be held for sev-

eral weeks if covered with plastic wrap and stored in refrigerator or freezer.

## QUICK CANDIED

## POPCORN BALLS

2/3 cup light or dark corn syrup  
2/3 cup sugar  
1/2 teaspoon salt  
2 quarts white popped corn  
Mix corn syrup, sugar and salt in heavy saucepan. Cook over medium heat, stirring constantly, until mixture comes to a boil and boils 2 minutes. Gradually pour syrup over popcorn, stirring constantly until evenly coated. Shape into balls, using as little pressure as possible.

## POP CORN

1/4 cup corn oil  
1/2 cup popcorn salt  
Heat corn oil in large (4-quart) heavy skillet or kettle over medium heat about 3 minutes. Add popcorn; cover, leaving small air space at edge of cover. Shake frequently over medium heat until popping stops. Salt to taste. Makes 2 quarts.

TRADITIONAL -- Cookies decorated in a traditional manner, gay popcorn balls and cranberry punch help to make this party a festive one.

## 'Mystery' Smog Part Of Crop Blitz

Is a new "mystery element" in smog damaging Southland crops? Yes and no, says a University of California air pollution scientist at Riverside.

Dr. O. Clifton Taylor, associate director of UC's Statewide Air Pollution Research Center, says a smog element that until now hasn't been observed damaging plants recently scored a blitz attack against Southland leafy vegetables.

But the compound isn't new, and it wasn't the only pollutant involved.

"PPN was recorded in the air at UCR 10 years ago as a tiny blip on our chromatograph," Dr. Taylor said.

PPN stands for peroxypropionyl nitrate, a chemical brother of PAN, or peroxyacetyl nitrate, which has been showing up in smog for several years. PAN and PPN both were discovered by UCR's Dr. Edgar R. Stephens, professor of environmental sciences.

"The question that remains unanswered," said Dr. Taylor, "is why PPN is suddenly showing up now. It might be because of a change in automobile emissions, but we don't know."

"The fact is that on November 9, 10, and 11 our automated electron chromatograph indicated PPN levels of up to 10 parts per billion. Since PPN is at least seven times as harmful to plants as PAN, this equaled 70 ppb of PAN -- a terrific dose."

In the Nov. 9-11 smog attack, severe injury occurred on vegetable crops, particularly leaf lettuce, in Los Angeles, Orange, San Bernardino, and Riverside counties. Swiss chard, endive, parsley and beets also were damaged.

In previous years, Dr. Taylor said, traces of PPN have been detected in the air at UCR, but not in measurable levels. The damaging effects of PPN were

established from synthetically-produced batches of the compound. Petunia, barley, tomato, bean and other plants all showed seven to 10 times more susceptibility to PPN than to PAN.

Dr. Taylor said the November smog attack was unique in several respects:

"Normally Pan injury is confined to a few leaves. But in this case entire heads of Boston lettuce turned brown and large areas of Swiss chard leaves collapsed. We found symptoms that couldn't be attributed to ozone or PAN. In most areas injury was far more severe than we had previously seen from comparable concentrations of total oxidant and PAN."

"Another unusual aspect was that PAN concentrations remained in the air for 40 continuous hours. Photochemical oxidants rarely survive through the night, and such long-term periods of elevated levels have not been reported previously."

The Riverside scientist cautioned that although a new smog toxicant may have appeared, other factors must be considered: First, the 40-hour duration of the elevated toxicant levels; second, the susceptibility of plant tissues resulting from weather conditions during and preceding the exposure.

"In a nutshell, we had high levels of ozone, PAN and PPN during a period when climatic factors were extremely favorable to smog damage susceptibility."

## Post-Xmas Gift: A Tree That Breathes

The Christmas Tree has become the decorative focal point of the Holiday Season in homes, business offices, churches, in parks and on city streets.

Today, as Americans become more and more concerned about the quality of the environment and there is increased interest in conserving natural resources, unprecedented numbers of people are using Living Christmas trees over the traditional "cut" tree.

Whatever your preference, nurseries have a good supply of both types of trees. When it comes to Living Christmas trees, the idea is a charming, environmentally-sound, practical idea. You can have your Christmas tree and plant it, too. After Dec. 25, you can plant the tree in the garden, or feature it in a portable container. This way it can be used year-after-year during the Holiday Season, and, during the rest of the year it will add beauty to the surroundings. Living trees add the fragrance and freshness of a forest, up-close. They contribute towards a better environment in many different ways, reminds the California Association of Nurserymen.

Throughout California, schools, community action groups, clubs, organizations, and individuals are purchasing Living Christmas trees, then dedicating them to civic service.

Nurseries offer several varieties of Pine trees which serve as lovely Living Christmas trees.

"LIVING TREE" -- There are numerous trees, pines, spruces, and, pictured here, the Deodar Cedar, that are well suited to serve as lovely Living Christmas Trees. After Dec. 25, you can plant the tree in the garden to beautify the landscape and the neighborhood; or they may be planted in containers for enjoyment on the porch or patio, and serve as future Christmas trees.

## Gardener's Checklist

1. Don't forcibly separate Tuberous Begonia bulbs from the plants when they die back. Wait until a gentle tug will do the job.
2. Do plant cool weather vegetables now -- like onions, beets and carrots.
3. Plant spring-blooming bulbs now and cut armloads of flowers, in the New Year, for indoor arrangements. Daffodils, Dutch Iris, and Ranunculus are but three popular bulb flowers to consider.
4. For lovely winter color, plant one or two Heather shrubs. Nurseries have different ones coming into bloom right now.
5. Lawns fed in November will often stay greener in winter months, despite the tendency to be dormant in the cool season.
